# Accessories

**For outdoor applications**

## PIR Sensor

IP65   IK04

- Sensor to detect motion in correlation with daylight level
- Including remote control to adapt sensor settings
- Earth spike included, suitable for wall-mounting
- Reliable on/off function thanks to infrared technology
- Ambient temperature: -20 to +40 °C
- Switching load: 800 W
- Connection via THORNeco cable system or adaptor with open leads (included)
- Compatible with THORNeco cable system

## Photocell

IP65   IK04

- Detection of daylight/brightness level
- Switch to determine on which brightness level lights should turn on
- Earth spike included, suitable for wall-mounting
- Ambient temperature: -20 to +40 °C
- Switching load: 200 W
- Connection via THORNeco cable system or adaptor with open leads (included)
- Compatible with THORNeco cable system

## Conny IP68 Connector

IP68

- Quick connector 3 pole
- Suitable for outside and inground use
- Cable diameter 6.5 - 12 mm
- Rated cross-section rigid, single and fine stranded 1 - 2.5 mm²
